Awards will be limited to ribbons after routine and then we will be announcing 1st, 2nd, and 3rd, places for each event and All Around. We are trying to keep away from group setting as much as possible and cut down on time between sessions.

Gymnasts will be asked to bring their own water bottles and chalk in a container. At least one spectator for each gymnast will be allowed, possibly two depending on numbers and regulations on that date, but we will send out a Covid-19 policy checklist as soon as we have sessions determined.

Looking forward to seeing you all as we all survive this season and try for a little bit of normal for our athletes
